

SYED SHOAIB PASHA

BCA STUDENT | ASPIRING SOFTWARE ENGINEER | AI/ML & DATA ANALYTICS

Bengaluru, Karnataka, India | 7892210993 | ssyedshoaibpasha@gmail.com

LinkedIn: [linkedin.com/in/syed-shoaib-pasha](https://www.linkedin.com/in/syed-shoaib-pasha)

PROFESSIONAL SUMMARY

Motivated Bachelor of Computer Applications (BCA) student at HKBK Degree College, affiliated with Bangalore North University, with hands-on full-stack development internship experience and a strong foundation in Python, SQL, MySQL, data analytics, AI/ML, web development, and cloud technologies. Familiar with HTML, CSS, JavaScript, REST APIs, Pandas, NumPy, Power BI, Tableau, AWS, Git, and GitHub. Strong analytical thinking, problem-solving, debugging, and collaboration skills.

EDUCATION

- Bachelor of Computer Applications (BCA) – HKBK Degree College, Affiliated to Bangalore North University, Bengaluru, Karnataka
Expected Graduation: 2027
- 12th – St Germain Academy | 2024
- 10th – Spurthy Niketan High School | 2022

INTERNSHIP EXPERIENCE

Full Stack Intern - EduPhoenix Solutions

August 2026 - September 2026

- Developed and maintained responsive web applications using HTML, CSS, JavaScript, and Python.
- Built and integrated RESTful APIs with front-end interfaces to support application functionality.
- Worked with MySQL databases for storing, retrieving, and managing application data.
- Debugged application issues, improved performance, and collaborated with team members.
- Used Git and GitHub for version control, source management, and code collaboration.

PROJECTS

Job Tracker | Python, Flask, SQLite, HTML, CSS, Git, GitHub, Render

- Developed and deployed a full-stack Job Application Tracker using Flask and SQLite.
- Implemented CRUD functionality to add, edit, delete, and manage job applications.
- Added search, status-based filtering, application tracking, notes, and dashboard statistics.
- Deployed the application on Render and maintained source code using Git and GitHub.

TECHNICAL SKILLS

Programming Languages: Python, SQL, HTML, CSS, JavaScript

Databases: MySQL, SQLite

Data Analytics & Visualization: Pandas, NumPy, Microsoft Excel, Power BI, Tableau, Data Visualization, EDA, Data Cleaning

AI & Machine Learning: Artificial Intelligence (AI), Machine Learning

Cloud & DevOps: Amazon Web Services (AWS), Cloud Computing, Git, GitHub

Web & API: Responsive Web Development, RESTful APIs

Tools & Platforms: Jupyter Notebook, VS Code

Business & Analytical: Business Intelligence, Analytical Thinking, Problem Solving

CORE COMPETENCIES

Problem Solving | Analytical Thinking | Logical Reasoning | Data Analysis | Continuous Learning | Software Development Fundamentals | Database Fundamentals | Team Collaboration

ACADEMIC KNOWLEDGE

Python Programming | Data Structures & Algorithms | Database Management Systems | SQL & MySQL | Artificial Intelligence | Machine Learning | Computer Networks | Operating Systems | Cloud Computing | Software Engineering | Data Analytics

CAREER OBJECTIVE

Seeking an entry-level opportunity in software engineering, full-stack development, data analytics, AI/ML, or cloud computing where I can apply Python, SQL, web development, database, analytics, and cloud skills to build practical solutions, solve technical problems, and contribute effectively to a team while continuously developing my technical expertise.

ADDITIONAL INFORMATION

Career Status: Fresher Professional Experience: Full Stack Intern – EduPhoenix Solutions

Project Status: Completed and deployed project Availability: Open to full-time entry-level opportunities

TARGET ROLES

Software Engineer | Full Stack Developer | Python Developer | Data Analyst | AI/ML Engineer | Cloud Engineer
